

How high can a PV module be installed?

Others: ? The maximum altitude of module installation is 2000m. ? The minimum distance from the seashore is 50m (for more info, please refer to 2.2.2). ? When looking at PV modules with anti-reflection (AR) coating technology, it will be normal to see module with a slight color difference at different angles.

Can Trina Solar modules be installed in landscape or portrait orientation?

SITE SELECTION Trina Solar Modules can be mounted in landscape or portrait orientation however the impact of dirt shading the solar cells can be minimized by orienting the product in landscape. Solar module is recommended to be installed at an optimized tilt angle to maximize the energy output.

What temperature should a Jinko Solar PV module be installed in?

Limit working ambient temperature range: -40°C to $+70^{\circ}\text{C}$; C2.2.2 Site Selection In most applications, Jinko solar PV modules should be installed in a location where they can receive maximum sunlight throughout the year.

What temperature should Trina Solar modules be installed in?

Trina Solar recommends that the module should be installed in a working environment with an ambient temperature of -20°C to 50°C , but not exceed the temperature limit of -40°C to 85°C . The modules shall be installed in shadow-free areas throughout the year. Do not install the PV modules at a place where water damage may occur.

How do I mount a PV module to a substructure?

MOUNTING INSTRUCTIONS PV modules can be mounted to the substructure using either corrosion-proof M8 bolts placed through the mounting holes on the rear of the module or specially designed module clamps. A clearance of at least 115mm(4.5in) (recommended) is provided between modules frame and the surface of the wall or roof.

Do Trina Solar PV modules have bypass diodes?

Trina Solar PV modules are equipped with bypass diodes in the junction box. This minimizes module heating and current losses. Do not try to open the junction box to change the diodes even if they malfunction.
