

The dominant solar energy provider among solar companies in Sri Lanka by introducing high performance solar energy systems with cost saving solutions to Sri Lanka. Well Experienced staff at Sinha Solar ensures the customers are offered the most advanced solar energy solutions enhancing energy efficiency.

Like most people in Sri Lanka I too was on the look out for a viable solution to the looming power bill. I came across REM Solar on FB amongst many other vendors all of whom I contacted . The response however was totally different from REM, the response to educate on the workings of the system was primary rather than to make a sale.

Why switch to solar power. Sri Lanka is one of the most expensive energy markets in the world. The use of solar can significantly reduce or eliminate your electricity bill as well as ensure an uninterrupted power supply. The average payback on solar power in Sri Lanka is 5 years. After this payback period, you are earning money on your roof.

In Colombo, Western Province, Sri Lanka, situated at a latitude of 6.9394 and longitude of 79.8476, solar power generation is highly viable due to the city's consistent sunlight exposure throughout the year. The average energy production per day for each kilowatt (kW) of installed solar capacity varies slightly by season: it is approximately 6.03 kilowatt-hours (kWh) in ...
