

What is baobab+?

Baobab+mother company. Baobab is a financial services group with operations in eight countries on the African continent and China. Baobab provides financial services to half a million small businesses, fulfilling its mission of broadening access to finance among those underserved by traditional banks.

What products does baobab offer?

We select quality products to meet the needs of our customers. These products are available through the Baobab network of branches with financing facilities and/or a dedicated credit called ``Baobab Energy Solutions`` for productive use products (solar freezers, hybrid generators...).

Who is baobab group?

In addition to our strong partnership with Baobab Group, we have forged strategic partnerships with international companies and Telco operators to continue our growth and provide a wide range of life-changing products to households and entrepreneurs in Africa. We are a social business committed to providing access to energy and digital.

What is Vanuatu's New solar farm?

Set to be constructed by the Vanuatu Electricity Authority (VEA) in collaboration with the Asian Development Bank (ADB) and the European Union (EU), this solar farm boasts a capacity of 5 megawatts. Upon completion, it is expected to produce 7,500 megawatt-hours of electricity annually, enough to power around 2,000 local homes.

Why is Baobab a leader in digital financial inclusion?

As a leader in digital financial inclusion, Baobab is aware of the impact of digitalization on the daily lives of our prospects among the communities we serve. Enabling access to financing for quality digital products is necessary for our customers, who can also apply for credit directly through the Baobab app from their homes!

Does baobab offer a pay-as-you-go offer?

A ``Pay-As-You-Go`` offer is also available for the acquisition of solar kits & TV and smartphones for underserved customers who are not connected to the electric grid. As a leader in digital financial inclusion, Baobab is aware of the impact of digitalization on the daily lives of our prospects among the communities we serve.
