

Is Ayala investing in Bataan solar?

Ayala-led AC Energy Philippines, Inc. (ACEN) is investing more funds into the development of a solar facility in Bataan. The power company told the stock exchange on Friday that it signed a subscription deal with its wholly owned subsidiary Bataan Solar Energy, Inc. (BSEI) to acquire P400 million-worth of shares.

Why did AC Energy Invest in Bataan solar?

The investment in Bataan Solar is part of the company's P2.2-billion funding program to introduce new energy technologies in the Philippines. Last month, AC Energy also subscribed shares in Buendia Christiana Holdings Corp., one of its special-purpose vehicles, to buy and develop potential project sites.

What is Bataan energy project?

The project has so far created 22,151 working opportunities to the people of Bataan and it was "built with a vision of energy conservation and environmental protection." Its on-site equipment can ensure long-term and stable power output while conducting qualified treatment of harmful gases generated during production.
