British Indian Ocean Territory is centrally placed in the Indian Ocean, south of the Island of Maldives, about halfway between Indonesia and Madagascar. The central island, Diego Garcia, is a military facility off-limits to anyone not on an official visit. Still, some of the uninhabited outer islands can be visited by yachters with permission.

Application-Specific Needs. The choice between 12V and 24V inverters heavily depends on the specific application. For smaller, portable, or vehicle-based applications such as cars, RVs, and small off-grid setups, a 12V inverter is usually sufficient and more practical due to its compatibility with 12V batteries, which are standard in many vehicles.
