

Which direction should a locker face?

The north direction is considered to be the direction of Kubera and Mata Lakshmi. That's why keeping a locker in such a place never causes a loss of money in the house. Always keep in mind that even by mistake your locker or money cupboard should not face south. If so, then money will never stay with you for long.

Which direction should a locker be positioned according to Vastu?

The locker direction as per Vastu should be in the South direction of the room. The backside of the locker should be towards the South wall whereas the front side of the locker should face the North wall. This is an ideal position for a locker to be at. The shape of the locker room should be square or rectangular according to the Locker Vastu.

Why should you keep a locker on the west side?

According to Vastu, keeping the locker in the west direction is also considered very auspicious. If you always keep it on the west side so that it faces east while playing, then it is very good for monetary gain. By doing this, you get the blessings of Lord Kubera, the god of wealth and there is never a shortage of money in life.

Which direction should a locker room be located?

According to Vastu, the locker room should always be located in the North direction and alternatively in the east direction as well. If the locker room is located in the wrong direction, then the money outflow is more than the inflow. Let us now discuss various factors that are essential for a perfect locker room.

Where should a locker be kept?

Locker should be kept in the South West portion of the house. It should be kept in the south West corner leaving the wall from both sides by 1 ft. Face of the locker should be in North as North is supposed to be the area of Kubera. If North is not possible at all then East facing can be done.
