

How much does electricity cost in Montserrat?

Montserrat's utility rates start at \$0.53 per kilowatt-hour(kWh) for residential customers, which is above the Caribbean regional average of \$0.33/kWh. Like many island nations, Montserrat is almost entirely dependent on imported fossil fuels, leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.

What is capital energy doing in the Canary Islands?

Las Palmas de Gran Canaria, 4 January 2022.- Capital Energy, the Spanish energy company founded 20 years ago that aims to become the first vertically integrated 100% renewable energy operator on the Iberian peninsula, continues to shore up its work in the offshore wind energy sector in Spain and, specifically, the Canary Islands.
