

Where is krannich solar based in 2021?

Photovoltaic wholesaler establishes subsidiaries in China, Romania, Hungary, Australia, and the USA. Krannich Solar remains on course for growth in 2021. The internationally active photovoltaic wholesaler is very satisfied with how 2021 has gone so far.

Who is krannich solar?

The owner-managed and self-financed company offers a wide range of products for PV installers: solar modules, inverters, photovoltaic mounting systems, self-consumption systems, e-mobility, pv installation monitoring and accessories. Krannich Solar is represented by 29 companies in 27 countries worldwide and employs more than 1000 people.

What drives international growth at krannich solar?

Krannich Solar's PV experts offer optimised system solutions for each market. Another driver of international growth at Krannich is the consistent expansion of online retail. Currently, customers can buy online in 12 branches, with no plans of stopping. Poland and the Czech Republic are currently in the process of getting an online shop.

Is krannich solar ready for the future?

Despite the sometimes-difficult supply chain situation, Krannich Solar feels well equipped for the future. "We will close this year with growth of about 50 per cent," says Jens Ullrich, Chief Revenue Officer, "and expect strong growth in 2022 as well. The demand for PV is rising worldwide, including those in the wholesale industry.

Why should you choose krannich solar?

These new branches will cater to the growing customer base and the dynamic growth of the photovoltaic market in these countries, and to provide support locally. Despite the sometimes-difficult supply chain situation, Krannich Solar feels well equipped for the future.

Durante a sua jornada no mercado fotovoltaico, em algum momento você já deve ter ouvido falar sobre a GoodWe, uma fabricante global chinesa de inversores e soluções FV com mais de 35GW de instalações ao redor do mundo.. Mas calma, caso você ainda não conheça ou não tenha noção tão profunda sobre a empresa, vamos trazer um pouquinho ...

Krannich Solar . Kurt Krannich a fost întotdeauna convins de ideea de a folosi energia solara pentru a genera electricitate. Un gânditor practic si un cercetator teoretic în acelasi timp. Astfel, societatea comerciala a ajuns sa devina unul dintre cele mai importante nume de pe piata globala a energiei fotovoltaice. În prezent ...
