Why should you choose BrightBox solar battery storage service?

Performance- Brightbox is here for you when you need it most. Rain or shine, energy storage means no more being left in the dark. Brightbox protects your home from power outages and keeps your lights on, your refrigerator running, and your devices charged. How Can Sunrun's Brightbox Solar Battery Storage Service Help You?

What is the Sunrun BrightBox?

The Sunrun Brightbox is a solar battery system offered by Sunrun that allows them to manage, monitor, warranty, and replace a homeowner's battery for the solar and battery agreement length. By providing maximum peace of mind and removing the upfront cost of a battery installation, the Sunrun Brightbox has become the nation's leading solar battery for homeowners.

How much does a BrightBox Solar System cost?

What you'll pay for the Brightbox package can vary depending on the state and your financing option. Sources in New York report pricing between \$6,500 and \$8,000 in addition to the cost of your solar installation, while Sunrun advertises an initial cost of \$1,000 with its leasing arrangement in Massachusetts.

What is a BrightBox battery?

The Brightbox package is Sunrun's company-branded battery option, launched in partnership with LG. LG Chem's batteries are not an exclusive offering of SunRun; they are also available from other U.S. solar installation companies. The LG Chem batteries are lithium-ion and come in a variety of sizes.

Why should you choose BrightBox?

And, since we tailor all of our solar plans to help meet the needs of your home and lifestyle; you can count on Brightbox to be ready when you need it most. Save your solar power with battery storage for when you need it most.
