With diesel having been key to powering many different phases of a project's life-cycle for decades, a transition to alternative fuels must be meticulously planned and executed. Breaking down your Energy Transition into clear phases makes it easier to approach and removes the risk of trying to do too much, too soon.

You need a partner that can help you navigate the Energy Transition and prioritise the range of new technologies and fuel alternatives to consider in your energy mix. Partnering with Aggreko will help you in your transition whether that's to a lower carbon future, decentralised economy or through digitalisation and energy management optimisation.

HOUSTON, Dec. 13, 2023 (GLOBE NEWSWIRE) -- Aggreko, the global leader in energy solutions, today announced that the company's Energy Transition Solutions ("Aggreko ETS") division acquire
