

The Holcomb Energy System. The HES is a labor of love, born out of a desire to contribute to the greatest cause of our time. After 13 years of extensive research and product development, we are proud and ready to showcase our invention to the world. The HES works by harnessing the natural energy from the electron spin in the iron atoms of ...

The Holcomb Energy System makes tailpipes and plug-ins obsolete. Powered by our solid-state system, cars, trucks, buses, trains, or any other type of transportation will never require a refill or a recharge. And when that vehicle is ...

Recently, the Holcomb Energy Systems (HES) In-Line Power Generator (ILPG) was installed into a 5,000 sq ft commercial office facility/warehouse in southwest Florida for testing. The power provider company for this area is Florida Power & Light (FPL). The following graphs show a "snap-shot" in time, in which the ILPG was installed and ...

Holcomb Scientific Research Ltd. (HSR), ein Forschungs- und Entwicklungsunternehmen, gab mit der Einführung des Holcomb Energy System (HES) einen wissenschaftlichen Durchbruch bei der Erzeugung von 100 ...

"Natural energy force of the universe" "Just like energy that keeps stellar bodies of the universe in motion never runs out" Anyone who have at least a bit of education would already want to spit in his face at this point. Comments section on is also filled with bullshit like: The HES is designed to run indefinitely! Cool.

Holcomb Energy Systems is setting a new industry standard in electric power generation. Our core technology, the Holcomb Energy System (HES), is an entirely new source of energy -- using no fuel and putting out zero emissions, ...

With decades of experience across the medical, scientific, and energy industries, Dr. Holcomb is a pioneer in modern invention with hundreds of patents across a range of industries, from ...

SAN DIEGO, Sept. 25, 2023 (GLOBE NEWSWIRE) -- via IBN -- Astra Energy Inc. (OTCQB: ASRE) ("Astra" or the "Company") is excited to announce an agreement with Holcomb Energy Systems LLC ...

Robert Holcomb never had invested a single dime of his own money into Holcomb Energy. In Fact it had been a 15 year money raising operation for both Rllen and Robert Holcomb. Sucked millions of dollars from hundreds of investors and continue to do so. This is how they survived for 15 years. His science is BS.

Ja. Ab heute gibt es das Holcomb Energy System. Es enthüllt die Geheimnisse der Magnetkraft von Eisenatomen. In einem Video erklärt der Erfinder Dr. Robert Holcomb, wie er entdeckte, dass eine schwache Magnetkraft ausreicht, um ungepaarte Elektronen im Eisenatom magnetisch zu machen und dabei eine vier- bis fünffache Magnetkraft entsteht.

August 2023 im Technopark Zürich ein selbstlaufender magnetischer Festkörper-Generator mit 15 kW der Firma Holcomb Energy Systems aus den USA de­monstriert. Damit ist der Nachweis dieser neuen Energiequelle erbracht. Wir sind selbstverständlich wieder persönlich anwesend und dokumentieren. Videoaufzeichnungen, Interviews und Messdaten ...

Holcomb Energy Systems" patented technologies operate using this optimum material to harness the spin of electrons in iron atoms, producing five units of energy output for every single unit of input. Given the abundance of iron and low-cost production methods of the electrical steel alloy, this redesign will have a profound impact on the ...

The Holcomb Energy System requires no grid infrastructure. It can operate anywhere, even in the middle of the Sahara, providing 100% zero carbon footprint power to any size load, using no fuel. And because it operates with no moving parts, there"s no heat and no wear and tear, so it requires very little maintenance.

--via InvestorWire- Astra Energy Inc., and Holcomb Energy Systems LLC are proud to announce a new joint venture, Astra-Holcomb Energy Systems LLC to commercialize the HES In-Line Power Generator ...

For over 15 years, Holcomb Energy Systems has been researching and developing a solid-state, self-sustaining power generation system with applications everywhere electricity is needed. Here"s a video from the HES 2018 archive taken during a power blackout.

When fully deployed, the Holcomb Energy System technologies offer a sweeping answer to the most pressing problems facing our world - pollution, climate change and wars for fossil fuels - as a cleaner, safer, more just and equitable ...
