Inventus Battery Energy Technologies; Solid State Battery Technology Development Centre; News & Success stories; Li-Ion Electrolyte (LiPF₆) Plant; Management; IIT Advisors; Market Ready Technologies; CAM powder manufacturing; Technology Licensing; Consultancy Services; Beyond Lithium; Patent Portfolio; About Us; Contact

Formed from the amalgamation of two large battery pack manufacturers, Inventus Power has a rich 60-year history of leading the transition from legacy power systems to new power sources. Its expertise expands across a variety of ...

Offering a wide range of standard & custom battery pack solutions. Inventus Power engineers and manufactures custom and standard battery packs for a broad range of portable, motive & stationary applications. With 60 years of battery industry experience, we have worked with multiple cell chemistries (i.e. Lithium based, NiMH, NiCd, Sealed Lead ...

Rechargeable batteries are now extending far beyond providing power for small, portable devices and are expanding their adoption to larger motive and stationary uses. So what does this mean for Lithium-ion (Li-ion) batteries today?

Energy CIO Insights Magazine recently published a special issue that focused on batteries and featured Top 10 companies who are at the forefront of tackling challenges in the Battery, Power System and Energy Storage space through disruptive technologies and solutions. In order to identify which companies were to be featured in this publication, a distinguished panel ...

His extensive industrial R& D experience encompasses cell design & Process Formulation development, battery-grade cathode-active materials (CAM), LiPF₆ and LiFSI electrolytes formulations, solid polymer electrolytes, and Flexible ...

Inventus Battery Energy Technologies Private Limited (IBETPL) is a registered startup operating as a Private

Limited Indian Non-Government Company incorporated in India on 11 May 2020 (Four years and six months 14 days old). Its registered office is in Chennai, Tamil Nadu, India. The Corporate was formerly known as Inventus Bioenergy Private Limited.

Inventus Battery Energy Technologies is developing solid-state batteries that the Chennai startup plans to market by 2026. Ishan Patra 540 Stories Tuesday December 10, 2024, 6 min Read

Inventus Battery Energy Technologies Private Limited's Corporate Identification Number is (CIN) U73200TN2020PTC135315 and its registration number is 135315 s Email address is and its registered address is 9d Rite Choice, 3Rd Street, Beach Home Avenue, Besant Nagar, Chennai Chennai TN 600090 IN.

Our recent success in establishing the first turn-key LiPF₆ non-aqueous electrolyte mixing plant (4800L per month) in Telangana State, India, marks a significant milestone.

Designing battery packs is much more than bundling cells into a container. It requires a deep understanding of battery technology, chemistry, geometry, topology, programming, and electricity. The staff at Inventus Power includes more than 250 degreed mechanical, electrical, and software engineers--plus top battery chemists/technologists.

Alexander von Humboldt Fellow; 35 years of R& D experience; Dr S.R. Rajagopalan Chair Professor, Department of Chemistry. Thermodynamic & microscopic analysis of electrochemical interfaces, electrical double layer, Supercapacitors, Li-Ion Batteries, Solid State Batteries, Electro-organic reactions and Biosensors
