

Who is Empery solar?

Empery Solar develops, manufactures and markets a broad range of solar mounting systems in the marketplace. Therefore, the products can satisfy virtually all your needs in mounting solar panels, from small -scale solar application in residential houses to heavy-task application in large industrial facilities.

How many solar-plus-storage projects are there in Israel?

As of September 2023, Israel has two solar-plus-storage projects, with the first being the Arad Valley 1's 17-MW solar farm with an energy storage system of 31 MWh, and the second being Sde Nitzan 's 23 MW of solar and 40 MWh of storage capacity project.

What products does Empery solar offer?

Empery Solar's principal products include Roof Mount System, Ground Mount System, Pole Mount system, and Related Accessories. Xiamen Emperysolar Technology Co., Ltd. is a high-tech enterprise dedicated to the development and application of photovoltaic energy.

What percentage of Israel's population could live on solar energy?

According to Faiman, who led the Israeli team that developed the technology, 10% of Israel's population (1,000 megawatts) could live on the energy from 12 square kilometers of land. The Jacob Blaustein Institutes for Desert Research facility was founded by Amos Richmond, and its faculty is part of the Ben-Gurion University of the Negev.

Are Israeli engineers involved in concentrated solar power?

However, even though Israeli engineers have been involved in both photovoltaic and concentrated solar power, the earliest Israeli companies which have become market leaders in their respective fields have all been involved in concentrated solar power.

Should Israel build solar energy plants in the Negev desert?

The Negev Desert and the surrounding area, including the Arava Valley, are the sunniest parts of Israel, and little of this land is arable, which is why it has become the center of the Israeli solar industry. David Faiman thinks the energy needs of Israel's future could be met by building solar energy plants in the Negev.

Xiamen Emperysolar proudly participated in the Solar& Storage Live Africa 2024, showcasing its latest products and technologies. This exhibition provided an excellent opportunity for the company to exchange and cooperate with international peers, marking an important step for the company in expanding its international market.
