I figured the USB C adapter on my UPS would be a good backup power for the POE on my cloudkey gen2 plus. I saw it said QC2.0 on the back, so I bought this power adapter, plugged it in and unplugged the POE and the cloudkey shut down just the same.. Read on another older post about this anker working. I figured I'd ask about what options people are using lately or if ...

The differences that I'm really happy they're seeming to tackle in gen v is that Jordan always was Bigender. They got super lucky that their power allowed them to switch body types as it allowed them to live out as their true self, which is really cool. Curtis is a cis man. He wasn't bigender before the powers, and they don't focus on the ...
