Crime: Bonaire, Saba, and Sint Eustatius are all assessed as low-crime areas as their small populations provide a high level of social control and their police forces are professional and responsive. Those crimes that do occur are generally non-violent, financially-motivated, and opportunistic in nature such as pickpocketing, thefts of unattended bags, and ...

"We know large-scale storage is important in our state because it supports household investment in rooftop solar and will allow us to continue our phased and sensible plan to transition out of coal by 2030. "By installing these containerised battery systems in Collie, Synergy is one step closer to securing a cleaner energy mix that can ...

BESS Singapore. Of the 11 ASEAN members, Singapore is taking the lead in the battery energy storage systems (BESS) space. Earlier this year, the city-state launched the region's largest battery energy storage ...

Reaching Bonaire, Sint Eustatius, and Saba usually starts with a flight to one of the larger neighboring islands, such as St. Maarten, before taking a smaller regional aircraft into the islands' respective airports: Flamingo International Airport in Bonaire, F.D. Roosevelt Airport in Sint Eustatius, and Juancho E. Yrausquin Airport in Saba. ...

Switzerland-based renewable energy producer Axpo has opened its first large-scale battery storage facility, located in the Swedish town of Landskrona, 570km south-west of Stockholm.. The new 20MW/20MWh Li-ion-based battery storage facility will help "balance electricity supply in the region", according to a press statement released by Axpo on Monday.

Spanish renewable energy company Grenergy has renewed its agreement with BYD to supply large-scale storage systems for the Oasis de Atacama solar-battery hybrid project in Chile. The extension brings the total storage capacity of the site to 3 gigawatt hours, BYD's largest agreement to date.

The Hex site is in Worcester in South Africa's Western Cape, and features large-scale utility batteries with 1.44 gigawatt-hours of total capacity and 60MW of solar photovoltaic (PV) capacity. This project can store up to ...
