

Will bank of America finance a new solar project?

Recently Doral Renewables secured tax equity financing from Bank of America for the first phase, Mammoth North. That financing will enable 400-megawatts of new solar power upon completion, the equivalent of powering 64,000 homes in one year. Bank of America has a long-standing commitment to the environment.

Should we support utility-scale solar energy projects?

"Supporting utility-scale solar energy projects like this one demonstrates our strong commitment to net zero before 2050," said Alex Liftman, Global Environmental executive at Bank of America.
