The serial production of the petrol engine for Valmet 15 model tractor, "Tensioner of Barbed Wire", rated at 15bhp was started in 1951, later the power was increased to 20hp. This was the beginning of power source production in Linnavuori for farming equipment that would continue powerfully developing until the next millennium and beyond.

Vaikka kaikille AGCO Power -moottoreille ja osille on yhteistätinkimättömään insinöörityöhön perustuva filosofiamme, vaatii laaja valikoima käyttökohteita myös laajan valikoiman moottoreita. Tarjoammekin EU Stage V -päästöluokan mukaista voimaa esimerkiksi seuraaviin kohteisiin:

Acco Construction Company's portfolio includes a diverse range of power plant projects, including thermal power plants, hydroelectric power plants, and solar power plants. Regardless of the size or complexity of the project, they approach each undertaking with the same level of dedication and commitment.
