When did MTU buy Katolight?

In 2007, mtu America's parent company--which operated as Tognum at the time of the sale--acquired Katolight Corporation, a generator set manufacturer and packager founded in 1952 in Mankato, Minnesota. One year later, Katolight was renamed as mtu Onsite Energy Corporation.

The mtu Onsite Energy gensets for the data centre in Amsterdam are based on 20-cylinder Series 4000 mtu engines, each delivering an output of 2,480 kW, which in emergency situations can be operated continuously for up to 48 hours. The engines achieve full electrical output within 15 seconds of start-up and thus meet the customer's stringent ...
