PRS is a true turn-key solar Operations & Maintenance (O& M) provider. We are headquartered in San Diego with four additional offices and warehouses strategically located in the Western US.

Renewables Readiness Assessment (RRA), it readily accepted this challenge and opportunity. This was a positive appeal and gesture by IRENA, and demonstrated great trust in Grenada to manage such an intensive study on the renewable energy potential of the Spice Island. It could not have occurred at a better moment in the Government of Grenada's

Phoenix Renewables Limited is a Nigerian start-up company that is currently working on its maiden project that is aimed at making and using brand new electric vehicles in Nigeria. Started in 2018 as a renewable company, the company"s establishment was the result of its founders" passion for the environment.

Solar PV, battery storage and end-to-end EV charging company The Phoenix Works has been acquired by Liberty Global. The move follows the company"s previous parent company Retig going into administration in September. Following this, energy company Tonik Energy which was also owned by the company, went bust in October.
