

Clearway Energy Group, a new company formed by Global Infrastructure Partners (GIP), acquired 4.7GW worth of utility-scale solar projects from solar firm SunPower in its first official week as a business.

Clearway Energy Group is leading the transition to a world powered by clean energy. Along with our public affiliate Clearway Energy, Inc., our portfolio comprises approximately 11.4 GW of gross generating capacity in 26 states, including 9 GW of wind, solar, and battery energy storage assets, and over 2.4 GW of conventional dispatchable power ...

With the latest acquisition of Clearway, TotalEnergies renewable portfolio in the US has passed 25GW. Image: TotalEnergies . TotalEnergies has made its "largest investment in US renewables" to ...

Clearway Energy Group Secures Exclusive Power Purchase Agreement for 3GWh Energy Storage Solution Amid Grid Connection Delays November 30, 2024 / Battery Industry Clearway Energy agrees to acquire 137 MW wind project in Washington State

Clearway's leadership team comprises executives with extensive experience across their disciplines as well as deep expertise in the renewable energy industry. Each member of the team brings knowledge, perspective, and an innovative mindset to our initiatives and goals.

Clearway Energy Group ("Clearway") today announced that it closed financing on two utility-scale solar and storage projects located in Riverside County, California on U.S. Bureau of Land Management (BLM) land. The Victory Pass and Arica solar projects will generate 463 MW of combined clean energy capacity and 186 MW of battery storage, which is enough electricity ...

Image: Clearway Energy Group. Swedish industrial seal manufacturer SFK has signed a 12-year Renewable Energy Certificate (REC) purchase agreement with US clean energy developer Clearway Energy Group.

Clearway Energy Group has completed construction and brought online three grid-scale solar power projects on the island of O'ahu in Hawaii, which will help contribute to the state's goal of ...

Last December, Hannon Armstrong Sustainable Infrastructure Capital announced a preferred equity investment in a renewable energy portfolio with 1.6GW of combined capacity, which was developed and managed by Clearway Energy Group. The renewable portfolio includes three wind projects, one solar asset and three combined solar-plus-storage projects.

Clearway Energy, Inc. is one of the largest renewable energy owners in the US with over 4,700 net MW of installed wind and solar generation projects. Clearway Energy's over 8,000 net MW of assets also includes

approximately 2,300 net MW of environmentally-sound, highly efficient natural gas generation facilities.

940MWh of energy storage capacity. Details of the three withdrawn Clearway projects are as follows: Makana La Solar - 80MW of solar generation paired with a 80MW/480MWh BESS located on the island of Oahu. Kaiwiki Solar - 55MW of solar generation co-located with a 55MW/220MWh BESS located on Hawaii Island.

Clearway applies a rigorous set of evaluation criteria to our Engineering, Procurement and Construction (EPC) partners. As part of our EPC Contractor Qualification Assessment program we ensure all our partners adhere to Clearway's standards of safety, experience, financial strength, and respect for the communities we serve.

The projects, including Hawaii's largest, will help the state meet its 100 percent clean energy goal. O'AHU -- Clearway Energy Group ("Clearway"), in partnership with Hawaiian Electric Company, Kamehameha Schools, Moss Solar, and others, has brought online three grid-scale solar power projects on the island of O'ahu that will significantly contribute to Hawaii's ...

Clearway Energy, Inc. is one of the largest renewable energy owners in the US with over 4,700 net MW of installed wind and solar generation projects. Clearway Energy's over 8,000 net MW ...

SAN FRANCISCO -- Clearway Energy Group ("Clearway") has announced that Cedar Creek Wind, its first project in Idaho, has reached commercial operations. The 152 megawatt wind farm in Bingham ...

Clearway is supplying a total of 422 MW / 1.6 GWh of energy storage to be installed at three of Clearway's solar facilities in Southern California. Hawaii Clearway is supplying 75 MW / 300 MWh of energy storage, installed and operating at Clearway's 75 MW PV facilities in Oahu.
