AMSTERDAM, April 4th, 2023 - Greener Power Solutions (Greener), European leader in clean and smart solutions for the temporary energy market, is expanding to the United Kingdom. The Dutch scale-up will collaborate with rental partners to replace their diesel generators with batteries and will also focus on emerging markets such as the EV charging market and the energy grid.

The Energy Landscape Has Changed. Traditional power sources are becoming increasingly unreliable and costly. Meanwhile, as governments and agencies produce world-wide pressure to cut global emissions, customers world-wide are expecting businesses to adapt to more sustainable practices.
