Reflect Orbital ???????,????????,????????????????????? ??????????????,????????,????? GPS
??,????????????????????:????????????????????,?? ...

Reflect Orbital General Information Description. Developer of solar light reflecting panels designed to provide reflected sunlight at night. The company uses its reflectors in space to shine sunlight on panels at night and to offer sunlight to increase the output of existing infrastructure without additional costs, enabling solar farm owners to generate electricity even after sunset.

Reflect Orbital plans to deploy over 55 satellites into Earth's outer orbit. These satellites will be positioned about 370 miles above Earth, which makes it the perfect distance to reflect ...
