At Euroconvention Global, we create opportunity. We connect you with other industry leaders and investors in one place to network, learn and create business prospects. Our expertise and network in the energy, financial, ...

Renpower allows attendees to raise brand awareness, form new relationships, promote their technology, generate new leads, and find future investment opportunities. This was an opportunity for Bureau Veritas in Senegal to network with other participants and discuss the expansion of renewable energy projects in Senegal.

The event will also spotlight other key markets in the African continent ready to deploy energy storage. Join this event to discover how Energy Storage Systems (ESS) offer a variety of solutions to continuing the integration of renewable energy onto the grid and driving the economic development by providing electricity access 24/7.

The program of RENPOWER Africa Energy Storage covers various key topics that involves the chain value of an energy storage project, from regulatory framework to how to ...

Join us at RENPOWER IVORY COAST 2024 in Abidjan to explore these exciting opportunities ... Be part of the movement towards a sustainable energy future in Cote d'Ivoire and West Africa. ... Five Years: Key Drivers and Strengthening Energy Mix; Cote d'Ivoire's Big Plans for Renewables: Solar Technology, Energy Storage, Biomass, E ...

Renpower, has been at the forefront of bringing SMH battery products and services to power generation, transmission, distribution, construction and telecommunications distributors and integrators based in South Africa and ...

Africa REN is proud to announce the commencement of construction of Walo Storage, an innovative lithium battery energy storage unit. Located in Bokhol, Senegal, Walo Storage is the first battery storage project in West Africa dedicated to frequency regulation to...

Euroconvention Global is glad to announce its first event in Africa for 2024 which will be dedicated to a key topic that is highly needed to discuss to continue driving the just-energy transition: RENPOWER Africa Energy Storage - Strengthening Energy Supply and Storage Deployment. Date: 24 and 25 of January 2024Time: Day 1, 09:00 -...
