St. Helena Coffee Profile Green-Tipped Bourbon Arabica. St. Helena's coffee is grown from the green-tipped Bourbon Arabica bean, an ancient variety of Arabica coffee that was imported from Yemen in the 18th century. This variety of coffee is known for its low acidity and high sweetness, making it a favourite among coffee enthusiasts.

This year marks the 50th anniversary of World Environment Day, having been established by the United Nations General Assembly in 1972, with the first one then held a year later in 1973. Celebrated annually on 5 June, this year's World Environment Day theme will focus on "Solutions to Plastic Pollution" under the

campaign #beatplasticpollution. Awareness [...]
