

# Science and Technology Innovation Board Photovoltaic Conference

What is the European photovoltaic solar energy conference & exhibition?

Welcome to the 42nd European Photovoltaic Solar Energy Conference and Exhibition. The innovation platform for the global PV solar sector.

When is the European photovoltaic solar energy conference & exhibition 2024?

For 2024, we are more than delighted to welcome you in person from 23 - 27 September in Vienna, Austria. Welcome to the 41st European Photovoltaic Solar Energy Conference and Exhibition. The innovation platform for the global PV solar sector.

What is a PV Conference?

The conference includes an industry exhibition, and the programme features talks by several invited speakers from world-leading institutions in PV. Join us to learn about and contribute to recent advances in photovoltaic research and development whilst connecting with the vibrant UK solar energy community.

What is pvsat 2024?

Technology and Innovation Centre (TIC), University of Strathclyde, Glasgow, UK The Photovoltaics Science, Applications and Technology Conference- PVSAT-2024 is a 2.5-day event, each year taking place at a different location in the UK, with the 18th iteration is hosted by University of Strathclyde in Glasgow.

What is PVSEC 2024?

This event has ended. The European Commission's Joint Research Centre coordinates the scientific programme of the European Photovoltaic Solar Energy Conference & Exhibition (PVSEC 2024), marking its 41st edition in 2024.

When is the EU PVSEC 2024?

The over 40 year long history and the diverse programme of the EU PVSEC makes it a landmark event in the scientific PV sector. For 2024, we are more than delighted to welcome you in person from 23 - 27 September in Vienna, Austria. Welcome to the 41st European Photovoltaic Solar Energy Conference and Exhibition.
