

Try Haven and unlock reliable power and lower monthly bills with solar + battery backup. Save on a system with new state rebates and incentives. Energy independence is here.

What is NEM 3.0? NEM 3.0 is California's latest iteration of its net metering policy. It replaces NEM 2.0 and takes effect in April 2023. Under NEM 3.0, any homeowner who submits their solar interconnection application after April 14 won't earn as much by exporting their surplus power to the grid. The policy is not retroactive, however, so existing homeowners with ...

Haven Energy specializes in turnkey home solar battery installations. Natasha Yeoman, the company's spokesperson, emphasizes that Haven Energy stands out in the residential battery industry with its unique capability of incorporating batteries into existing solar systems, including leased solar panels, and working with all service providers.
