

Who are Skyline Solar Systems?

Passionate about renewable energy... Skyline Solar Systems have a wealth of experience in the design, installation and maintenance of Solar PV systems into the commercial & domestic sector. We are able to design the Solar PV solution that best fits the needs of your projects.

Does Skyline Solar Save Energy?

Installing Solar Panels from Skyline Solar can help you save energy and turn your Windsor home into a money-saving power plant that provides green energy.

Is Skyline a good solar company?

Extremely impressed with Skyline. Rob Nicole Krysta Jerry and Conner were fantastic. Skyline aren't the cheapest but that is not everything with a solar decision. Their products installation and after sales service is highly recommended.

Why should you choose Skyline Solar Systems?

**WHY CHOOSE SKYLINE SOLAR SYSTEMS?** With great service, industry leading solar products and unrivaled experience, you can trust us to get your solar installation right first time. Save money on electricity bills by increasing the proportion of 'self-use' electricity generated by your solar PV panels from as little as 25% to 80% plus

How does Skyline Solar function?

Skyline Solar functions by educating consumers on the tax incentives that come with investing in solar power. There is a federal solar tax credit, also known as the Investment Tax Credit or ITC, which allows homeowners to deduct 26 percent of the cost of installing a solar system from their federal taxes.
