that SAS can play a role in helping Sierra Leone achieve universal access by 2030.5 The investment gaps in SAS in Sierra Leone are driven in part by lack of a supportive regulatory environment in Sierra Leone. Historically, the lack of long-term GoSL support for SAS as a technology within the National Electrification Plan has meant that

The World Bank Country Director in Sierra Leone - Mr. Yusupha Babatunde Crookes, said that "electricity reaches less than 10 percent of the population in Sierra Leone and its cost is one of the highest in the sub region." So what will this new \$18 million IRENA / ADFD finance provide for the people of Sierra Leone?

The Abu Dhabi Fund for Development announced a new loan program that would provide Sierra Leone with Dh 33 million, or about \$8.9 million, to construct a new solar power plant near Freetown, the capital and a major urban area. Called Solar Park Freetown, the project would provide an extra six megawatts to Sierra Leone's already burgeoning solar ...
