

Does Samoa have a solar power station?

Mpower was awarded a contract to deliver a fully operational 5.0MW solar power station across two sites in Samoa. The first site at Faleolo International airport has a 3MWp solar PV ground mount system. The second site at Faleata Race Track has a 2MWp solar PV group mount system.

What is solar for Samoa?

The Solar for Samoa project set the benchmark for quality solar power projects in the South Pacific. The two sites will provide up to 27% of the network power during peak output. Mpower has successfully delivered a wide range of renewable and conventional power systems across the region.

Who managed the Solar for Samoa project?

The project was managed by Mpower's construction manager, project manager and HSE managers and carried out by local staff (peaking at 220) in Samoa with regular visits from Mpower's team in Sydney. The Solar for Samoa project set the benchmark for quality solar power projects in the South Pacific.

Founded by Shreya Mishra, Akshat Jalan and 2 others in the year 2015. Solar Square has 464 competitors. Solar Square - Distributed residential IPP. Raised a total funding of \$60.9M over 4 rounds from 35 investors.

I'm sharing my recent experience with SolarSquare to warn others about their fraudulent practices and the lack of accountability. I decided to go with Solar Square in December 2023 after seeing their collaboration with Labour Law Advisor, Dhruv rathee and the positive reviews. I was promised that all processes would be completed by the end of March 2024.
