By clicking "Find Related HS Code" button above, you can find 6 digits universal HS Code (which is valid for almost all countries in the world) and declarable codes for EU, UK, USA, Japan, China, India and Turkey (e.g. 10 digits TARIC code for EU countries or HTSUS code for USA) of "solar panels".

What are HS codes?

Your HS codes determine your compliance, your admissibility, and which supply chain advantages you can capture. See how precision classification can protect your finances and unlock greater strategy. Your faster, easier application process starts right now. Clear goods quickly. Use the data for strategy. Consult with experts for data-led wins.

Are solar energy products harmonised with international trade codes?

"The rise of solar power has generated an array of innovative new products traded across the globe. Since 2016, the World Customs Organization (WCO) has sought to clarify where to place solar energy products in its harmonised system of international trade codes. The WCO's next major update includes codes for solar energy products.

What is HS 2022?

HS 2022, which is the seventh edition of the Harmonized System (HS) nomenclature, is used worldwide for the uniform classification of goods traded internationally, and has been accepted by all Contracting Parties to the Harmonized System Convention. It shall enter into force on 1 January 2022.

Are solar lights still a part of the new HS?

"Solar lighting products will continue to appear in different parts of the new HS. Countries struggled to agree on how to define portable solar lights, in addition, many countries would have preferred to identify LED lights as a separate product, but the existing list made this difficult and instead new codes were created.

When does the HS nomenclature 2022 edition come into force?

Complementary amendments to the HS Nomenclature 2022 Edition have been accepted as a result of the Council Recommendation of 25 June 2020 and 24 June 2021. These further amendments enter into force on 1 January 2023 and 1 January 2024 respectively. The HS Contracting Parties are, however, encouraged to apply these amendments from 1 January 2022.
