SolarDrive Container Power has until now been a research-intensive company. Now our product is approved
and ready to meet a documented demand. That means we increasingly are taking on a B2B commercial focus.
This re-focusing shall of course resonate in our brand, visual and corporate communications, including all our
material...

SOLARDRIVE CONTAINER POWER ApS. Produktion af elektrisk udstyr og tilbehør. Om
virksomheden. Beskrivelse. Selskabets formål er at udvikle, producere og sælge vedvarende

energiforsyningsenheder til ISO containere. Brancher. 1. Fremstilling af andet elektrisk udstyr. Størrelse. 1 ansatte. 12 år gammel virksomhed.

The solarfold Photovoltaic Container is mobile for universal deployment with a light and versatile substructure. The semi-automatic electric drive unit manoeuvres the mobile photovoltaic system into its operating position rapidly and smoothly along a length of around 123 metres. The fold-away PV generator requires neither cable trenches and heavy lifting equipment, nor is it ...

SolarDrive's patent protected Container Power System - SolarDrive CPS - delivers carbon-free, plug-and-play electricity for ISO shipping containers. It is a noiseless, cost-efficient alternative for traditional fossil fuel powered generators.

a sustainable power supply unit may be picked from the stack by a container crane and placed on top of the reefer container. Connectors are plugged in via plugs 10, and the built-in electronics takes over the power control while checking and adjusting the optimal position of the solar panels 3, determining the need for extracting the extra solar panels 5 or unfolding the wind turbine 7 .

Solar Drive Container Power - Offers plug & play solar power units for ISO containers. Raised funding from 1 investor. Founded by Kim Ahrenfeldt Petersen in the year 2012. Solar Drive Container Power has 10 competitors. ... SOLARDRIVE CONTAINER POWER APS-\$7.34K (as on Dec 31, 2021) 200. Solar Drive Container Power's funding and investors.

Container energy storage system is flexible configuration of battery system types and capacities according to customer requirements. The PCS has a modular architecture, simple maintenance and flexible configuration, allowing for multiple parallel machines pport parallel and off-grid operation mode, seamless switching, black start support. EMS unattended system, locally ...

At SolarDrive Container Power we are experts in solar energy and have specialized our business around building mobile plug-and-play solar power units which can be set up in most environments. Our patent protected solar power units fits perfectly on top of 20" or 40" containers.
