São Tomé and Príncipe, country of Central Africa, located on the Equator in the Gulf of Guinea. It consists of two main islands--São Tomé and Príncipe--and several rocky islets. Learn more about the country in this article, which includes maps, statistics, and a survey of the country's people, economy, and government.

The two islands of São Tomé and Príncipe hover just above the equator, 250km off the coast of Gabon. While other tropical paradises have been taken over by resorts, São Tomé and Príncipe remain thankfully much as they were when the Portuguese first discovered them in 1470, save for the addition of the odd cocoa plantation and charmingly crumbling colonial town.
