The new solar tariff for rooftop solar power systems in Sri Lanka is Rs. 37 per kWh for systems with capacities up to 500 kW and Rs. 34.50 per kWh for systems with capacities greater than 500 kW. This tariff applies to new customers coming under the "Net Accounting", "Net Plus" and "Net Plus Plus" schemes.

On-Grid Systems are solar pv systems that only generate power when the utility power grid is available. They must connect to the grid to function. When you overproduce, you can send the generated excess power back to

the grid so you can credit it for later use. This On-Grid system is highly recommended for any area with ECB power line.
