Titan handles all aspects of a solar module installation. We take pride in our work and know that it will stand the test of time.

Will Puerto Rico's solar energy projects boost energy security?

By Timothy Gardner WASHINGTON (Reuters) - The U.S. Energy Department said on Thursday it is offering a conditional loan guarantee of up to \$861 million for two utility-scale solar-energy projects in Puerto Rico that are expected to boost energy security after recent hurricanes severely damaged the U.S. territory's grid.

Will Puerto Rico build two solar photovoltaic farms?

SAN JUAN, Puerto Rico (AP) -- The U.S. Department of Energy announced an \$861 million loan guarantee on Wednesday to build two solar photovoltaic farms in Puerto Rico as persistent power outages plague the U.S. territory.

Where will solar panels be built in Puerto Rico?

The projects will be built in the coastal communities of Salinas and Guayama in south Puerto Rico. The projects comprise 200 megawatts of photovoltaic solar panels and up to 285 MW of stand-alone battery energy storage capacity. The solar arrays will power about 43,000 homes, it said.

How much solar power does Puerto Rico need?

It would add up to 200 megawatts of solar generation and another 285 megawatts of storage capacity to Puerto Rico's grid, according to U.S. Energy Secretary Jennifer M. Granholm. The solar photovoltaic project is expected to generate about 460,000 megawatts of energy, enough to power some 43,000 homes, officials say.

Does Puerto Rico have a solar energy Resilience Fund?

Besides financing aid, the Energy Department also has a \$1-billion Puerto Rico Energy Resilience Fund that President Joe Biden signed into law in late 2022 to supply rooftop solar panels to the territory.

Additionally, the company has expanded its market to include affiliate branches in Albuquerque, NM; Las Vegas; Thonotosassa, FL; and soon to open Titan Solar Power California, Inc. and Titan Solar Power Texas, Inc. Silfab continues to grow its distribution partnerships and sales networks with PV modules now present in 33 states and Puerto Rico.
