The pristine beach at Half Moon Bay is one of the most beautiful areas in the Turks and Caicos. Half Moon Bay is a pristine 0.75-mile (1.2 km) beach that's found between the uninhabited islands of Little Water Cay and Water Cay. Essentially a sandbar that grew over time, this beach is about 400 feet (110 m) wide, and today the central dune supports light vegetation and a handful of ...

The crystal water at the Bight Beach. Given its small size, the Turks and Caicos workforce lacks sufficient skilled persons in many fields and industries, requiring employers to apply for work permits for people who meet the required skill sets. To legally work in the Turks and Caicos Islands, nearly all foreign nationals must obtain a work permit (a few exceptions exist, such as ...

The Laws of the Turks and Caicos Islands applies wherever marines are serving, and military law has embraced all civil offences. When deployed on operations, marines are subject to international law, including the laws of armed conflict, the prescribed rules of engagement and in some cases local civil law. Taken together, such laws establish ...

The project began last year and has reached a critical milestone, with installation of the solar PV system now underway.

There is ample evidence that logging took place throughout the Turks and Caicos Islands, probably to meet both local and foreign demand for lumber. Exported lumber would likely have been primarily hardwoods, such as lignum vitae, mahogany, and Jesuit bark. There does, however, seem to have been interest in the very lightweight gumbo limbo, for ...
