The vents on the side panels have an additional metal mesh filter, set into a double wall on the inside, adding to the dust resistance and cooling of the cabinet. The cabinet has 2x ceiling mounted fans that pull the hot air into the roof and out of the cabinet via the vents to keep the equipment inside the cabinet cool.

IP65 Rating. The cabinet is IP65-rated, indicating that it provides complete protection against dust and protection against low-pressure water jets from any direction. This ensures that equipment housed within the cabinet is shielded from environmental elements, making it suitable for outdoor installations. Durable Construction
