Having an industry-leading thermal management system also relieves the pressure from having to choose li-ion cell chemistry based on safety. An advanced TMS allows you to choose the battery cell that best suits your ...

Xerotech battery system. Xerotech's Hibernium packs are manufactured for off-highway uses such as construction and mining EVs, where electrification depends on highly diverse pack designs that are cost-optimised for low-volume production ... Xerotech's battery disconnect unit contains each pack's master BMS, its manual service disconnect ...

Hibernium ® battery modules feature market's only fire suppression system that does not require active monitoring systems. It is designed as an always-on quick acting system that extinguishes fire in-situ, on a cell level. Battery cell thermal events are suppressed within seconds.

Xerotech, a leading European battery pack manufacturer has formed a partnership with Meta System, a Tier 1 supplier of automotive electronic systems, to help expand its offering and provide integrated battery systems to the NRMM market. ... Xerotech's Hibernium(TM) platform is the market's first battery system platform developed for low ...
